

With a spotlight on extraordinary value and competitive prices, **three wines** are selected by a team of experts each month. These selections are made with a strong focus on new and unique wines to the market.

Membership includes the option of any combination of that month's varietals.

Twice a year members will gather for a tasting and sample the hard to find, hand crafted wines from leading producers of the Northwest, California and around the world!

For \$50.00 a month, you can be the first to try BanBury's monthly picks! Your wines will be delivered to BanBury for you to pick up the 1st of each month. Join for as few or many months as you like.
